To Whom It May Concern:

I met Bob Coleman when I gave a presentation to the staff at the Natural Body Day Spa in Potomac, MD three (3) years ago. We talked afterwards and I was impressed with his knowledge and background.

Since that time I have come to know him much better. I have had the opportunity to work on him as well as receive massage work from him. His approach to massage is innovative and effective. He also has the knowledge of many other modalities outside of massage which gives him an ability to suggest other avenues of healing to his clients.

Bob is well known in the healing community and will be missed when he leaves the area.

Best regards,
