Dear Bob,

I wanted to take an opportunity to thank you for your presentation and for contributing valuable information during the "Positive Living Series." The gift of your time and talents was greatly appreciated and the presentation was very well received by many of the participants as reflected in the brief evaluations which were completed. I have enclosed a copy of various comments that participants provided on their evaluations for your reflection.

As the number of people who are HIV infected and who have developed AIDS continues to grow, so does Whitman-Walker Clinic of Suburban Maryland's commitment to provide quality comprehensive services in a supportive and compassionate environment. Your contribution will greatly enhance developmental learning and will empower our clients to better manage living with HIV infection.

Thank you again for your support and if you have any feedback or suggestions for the future planning and implementation of the series, please call me at (301) 439-0731 extension 212.

Sincerely,

Lisa A. Porto, M.S.W., L.G.S.W.  
Mental Health Therapist,
